

20th June 2001

**REFERENCE: PAULINE MCCLUSKEY
LITTLE TREASURES NURSERY**

To Whom It May Concern:

I have known Pauline since early 1996, when my son started Little Treasures Nursery, and again when my daughter started in early 1999.

From my first meeting with Pauline, she impressed as someone who cared very much for children, and had an ability to make you feel your child would be safe and well looked after in her care.

Pauline has a great rapport with pre-school children, and this was clearly evident when I dropped off or picked up my children from Nursery.

Both my children over the years, have had a great affection for Pauline, and I believe her patience and understanding helped them to adjust to Nursery life, and equip them with the confidence to go onto School.

Pauline appears to be well liked by the staff she supervises, and by the parents whose children she cares for.

I believe Pauline will go on, and make a career of caring for children, and will be remembered affectionately, by all the children who had contact with her over the years.

Yours faithfully
