## NLC / Funded Hours

We are currently in dialogue with North Lanarkshire Council about Childminders being involved with the 'Extra Funded Hours' starting in August 2019. The tender will be coming up at the end of March, so I will keep you updated nearer the time. This will help working parents to split placements between a nursery and a childminder which is subsidised by the council which is a great option for parents who would prefer not to have their children at nursery for six hours a day. Update to follow.
